Software License Agreement for AJAX Hotel Reservation Form

http://acidjs.wemakesites.net/hotel-reservation-form-js.html

By downloading and installing the script you agree to the following Terms and Conditions.

1. The freeware version of the script should be used for testing purposes only, and will not be used on a production server for commercial purposes. If you intend using the script on a commercial website, you should purchase the full version of the software. Purchase link is provided at the bottom of this document.
2. A single purchased license of the script allows the usage of the script on only one website. Using the script on multiple websites without purchasing the necessary quantity of licenses is illegal. There are discounts for multiple licenses. If you are interested in purchasing multiple licenses of the script, please, send email to acid_martin@yahoo.com, and you will receive a custom quote according to the number of licenses you need to purchase.
3. The script is property of Martin Ivanov and WeMakeSites.NET. Its source code is obfuscated and it is illegal to deobfuscate or modify it. Yet, you are eligible to purchase the non-exclusive rights to the script, which will allow you to modify it. A single non-exclusive purchase, however, does not give you the copyright of the script. To discuss the Terms and Conditions for a non exclusive purchase of the source code, please, email to acid_martin@yahoo.com.
4. WeMakeSites.NET and Martin Ivanov will not be held responsible for any negative consequences while using the script – neither the freeware, nor the full version.
5. By purchasing the full version of the script you have the right to a technical receive technical support. The response time is up to 72 hours.
6. The purchased source code of the script is not eligible to technical support.
7. The full version of the script can be purchased via PayPal or wire transfer, and costs **USD100**.
8. The price of the full version of the script is a base price. Adding custom features or creating custom skins will be charged additionally according to the requirements.

The above Terms and Conditions are subject to change at any time and without a notice. The Terms and Conditions may vary between the different versions of the script.

Violations to the above Terms and Conditions may result in severe legal penalties.
